ría Argentina. Por qué? No alcan-
amo, señor, la razón del criterio ob-
do, con el cual se causa un perjuicio

al pueblo, eternizando e ilustrando lo que tiende a enmarañar el espíritu bien a estancar el intelecto humano en la contemplación de un mundo fan-

cho el pedido de despacho en la ma-
nifestación de la aduana, debiera el
personal de vistas tomar las mues-
tras, oficialmente, conocer el resultado

1. *Chlorophyll a* and *Chlorophyll b* were determined by the method of Arar and Collins (1971) using a Shimadzu 1601 UV-Visible Spectrophotometer.

[illegible]

1. The first group of respondents (n = 10) was composed of students who had completed the course and were currently employed in a related field. The second group (n = 10) was composed of students who had completed the course and were currently employed in a non-related field. The third group (n = 10) was composed of students who had completed the course and were currently unemployed. The fourth group (n = 10) was composed of students who had completed the course and were currently employed in a related field. The fifth group (n = 10) was composed of students who had completed the course and were currently employed in a non-related field. The sixth group (n = 10) was composed of students who had completed the course and were currently unemployed.
